INVENTORY MANAGEMENT SERVICES

STORAGE

GAM offers ½ million square feet of completely customizable space. Our flexible shelving will accommodate any storage needs, up to 40 feet high. Each item and each shelf is barcoded, scanned and added to a client's inventory, ensuring that your valuable assets are never misplaced.

TRANSPORTATION

GAM has a fleet of 30 trucks ranging in sizes from tractor trailers to sprinters. Climate controlled trucks are available. We offer next day service, same day service and rush deliveries. We'll even work in the dead of night to limit disruption and manage inventory for our clients' companies.

FACILITY

GAM's facility spans ½ million square feet, centrally located to all of the Tri-State Area, just outside the Holland Tunnel in Jersey City, New Jersey. Our facility customizable shelving, up to 40 feet high, with state-of-the-art security, and barcoding as part of our inventory management system.

TECHNOLOGY

GAM's proprietary inventory management software is the best in the business. Each item is barcoded and uploaded to a client's database the moment it arrives. Digital images are available to help manage inventory, ensuring a smooth transition from purchase orders to manufacturing to sales. Authorized users have 24 hour access and servicing capabilities.

SERVING INDUSTRIES ALL OVER NEW YORK CITY

HOTEL STORAGE

Whether you're storing furniture,

RESTAURANT STORAGE

For New York's restaurant

HOSPITALITY STORAGE

For New York's hospitality

fixtures and equipment, or fine china, fine art, or an exclusive wine collection, GAM Inventory Management has the customized storage solution to support your needs. We can be your partner in event planning, renovation, and managing the unexpected.

industry, GAM is redefining space requirements for a new era. We provide a comprehensive array of services, ranging from packing to shipping to storage. GAM knows that it's far more cost-effective for a restaurant to utilize their space to maximize their revenue stream.

industry, it's far more cost-effective to utilize their space to maximize their revenue stream. That's where GAM comes in. One of the leading names in New York storage, GAM also has extensive expertise in the unique and evolving storage and logistical inventory management needs of the hotel industry.

WINE STORAGE

GAM Wine Storage facilities are state-of-the-art materials and equipped with the latest technology. The building is a near fortress of cement and steel. Our facility conforms to all current fire and building codes. Our security staff monitors the sprinkler and burglar alarms around the clock.

DOCUMENT STORAGE

GAM's secure record centers offer state-of-the-art facilities, the very latest in inventory secure software, cutting-edge technology and ½ million square feet in climate-controlled storage. Our business center capability included 24/7 security with closed-captioned TV and on-premises guards.

JUNKETS & BUYOUTS

The hospitality industry must be among the most flexible in the world. On any given day, a restaurant, event center, or hotel might host a conference, a wedding, a bar mitzvah, or any variety of private functions. Restaurants host parties, office gatherings, and other affairs.

MARKETING PRODUCTS

GAM will store and transport displays and props for trade shows, conferences, and local events. As always, GAM maintains the industry's highest standards for cleanliness, safety, and security. Our temperature-controlled facility is inspected daily by facility managers to ensure proper adherence to code.

DECORATIVE ARTS

For those in the Decorative Art and Design Industries, many items are one of a kind and irreplaceable. That's why safe handling and complete security are a necessity. Fortunately, at GAM, we have decades of experience and some of the best trained Project Managers and staff in the industry.

INTERIOR DESIGN

GAM offers one of the most sophisticated barcoding software in the world. Every item is scanned the moment it arrives and then placed on a barcoded shelf. When ready for delivery, we scan the barcode when it leaves the shelf and again upon delivery. Accuracy is 100% assured.

BUSINESS STORAGE

GAM's Business Services offers unparalleled cost and labor

FASHION STORAGE

GAM offers 30 years experience in packing delicate one-of-a-kind

RETAIL STORAGE

With GAM's Retail Services, we understand the fast-paced retail

savings with our comprehensive and secure transportation, storage, warehousing, and labor services. GAM's clients include many of the Tri-State area's largest companies, as well as many small businesses.

clothing, mannequins, props, art, etc. Each item is packed in a way to ensure damage-free passage to and from our facility, to and from your chosen locations, and while in storage.

industry. Stock items and serial numbers must constantly be updated and every square inch of space is at a premium. GAM can help you keep your profits high and your labor and storage costs low by partnering with you in logistics and storage.

NON PROFIT STORAGE

For nonprofits, even more than for-profit companies, every penny counts. At the same time, there is no room for disorganization or error. GAM has a variety of services available to help nonprofits save money, while ensuring that day-to-day operations and fundraising events run as smoothly as possible.

PARKS & RECREATION

Manhattan is the most densely populated city in the United States. Every square foot of real estate, even warehouses, can cost thousands. Real estate prices throughout the Tri-State area are soaring. Because of that lack of space, private parks and recreation departments are turning to GAM for logistical and storage services.

"The success of GAM is due to our hands-on approach to our clients and their needs. All of this translates into a satisfied clientele and long-term relationships."

The High Line – How GAM Serves NYC's Parks

June 14th, 2017

Sunshine, blue skies, and warm weather - summer is here! Where do people spend their time in New York City during the summer? The answer is the parks. New York City is home to Central Park along with smaller parks such as Bryant Park and The High Line. Who stores [...]

The Props Behind The Design: GAM's Role in Fashion

May 26th, 2017

There are many components to producing a fashion show or photo shoot. There are makeup artists, sound designers, and of course the fashion designer. Fashion production designers are some of the unspoken heroes of the fashion industry. They quite literally create the environment of the fashion show/shoot. Set design is [...]

Minimalism and the Color Green

May 23rd, 2017

Minimalism has permeated many areas of our lives. Everything from technology, to fashion, to visual and web designs. I would even argue into our very diets. It seems fitting that the simplicity of the things we use everyday would be reflected in our living spaces as well. Large pieces of [...]

Studying Logistics

January 11th, 2018

By Joe Allen | Originally posted on JACOBIN As the economy develops around a sprawling logistics industry, organizing workers in these sectors will be vital. Amateurs study strategy, professionals study logistics," US Army General Omar Bradley famously said. Bradley's declaration was of course an overstatement, but it was also a [...]
